If social studies supervisors are joining with grant, list their name and district below:

Conditions for applying:

- As a condition of this grant, I will submit an article to the fall newsletter or present at a fall or spring conference the year following the implementation of the grant.
- I understand that if I move districts, the grant is to remain with the original district. If I have written the grant as part of a team, I will have to leave the grant behind with the team but may work with the team to include my new district in the grant if possible and space is allowed.
- I agree to submit a summary page of the results of the awarded grant that will include copies of receipts showing the expenditure on the grant on what was proposed.

Signature of direct supervisor approving permission to apply for grant:

_____ Date: ____/____/____

District Improvement Grant Application

Name of Grant/Training:

Content Area(s) Impacted:
(list all that can participate)

Amount being requested:

Will you be willing/able to accept a partial funding of your grant: Yes No

If partial funding is granted will you need to adjust your expected expectations? Yes No

If "Yes" please describe any major changes that would occur.

In your own words, provide a description of the grant proposal and explain carefully why there is a need. Describe what you want and the benefits for your teachers or students. Do not use abbreviations for educational acronyms. Do not just cut and paste information from marketing materials.

Give a time schedule of implementation.

Share one to three goals. For each goal, write how you will know if you have achieved it by explaining your definition of success. Test scores should not be the sole indicator of success.

Goal #1

Goal #2

Goal #3

How many teachers will be directly affected by this grant?

How many students will be directly affected by this grant?

Will this grant impact more than one classroom, grade, school, district? Explain

Itemized Budget Plan:
